

Tropical Lake – DSL Terms and Conditions

Availability

The High Speed Wireless internet access is available Free of Charge to all renters. You will need your own Laptop computer and must request the Wireless security details. We will then send you the appropriate encryption keys.

Support

We don't provide IT support so the service is provided 'as-is' and requests for assistance must be directed to us and not the local Management Agent.

Notwithstanding this, no renters so far have experienced any problems. Sometimes the service is unavailable for a few hours and I guess this is normal in an area prone to lightning strikes.

Appropriate Material

Please ensure the content you download from the Internet is appropriate and not of a criminal or pornographic nature.
